Role of the Communications Committee

The Communications Committee has a mission with three tenets to facilitate effective communication between Board members as well as between the Board and the public. The Communications Committee will:

- 1) Identify stakeholders, their information needs, and the best ways to facilitate two-way communication with each group.
- 2) Work with the Governing Board and all other committees to produce internal and external communication strategies that define frequency, triggers for communication, content guidelines and prioritization, and responsibility for distribution.
- 3) Create internal and external communication pieces as dictated by these strategies.
